

NRCP features Dr. Morales in iShare

By Sienna

Dr. Marie Paz E. Morales, as one of 2019 NRCP Achievement Awardees of the National Research Council of the Philippines (NRCP), was featured in the council's program, iShare Season 2 along with Dr. Custer C. Deocaris, who was also an awardee. The episode titled, "Humble Beginnings and Successful Endings," was streamed live at a studio in Makati and live streamed via Zoom Video Conferencing on May 30, 2022. The program serves as an avenue for learnings and inspirations through the stories shared by the NCRP members and awardees. Dr. Morales and Dr. Deocaris shared their humble beginnings as students and motivating stories on how they excelled as professionals despite adversaries and challenges. Currently, Dr. Morales heads the Division of Governmental, Educational, and International Policies as Division chair, while Dr. Deocaris serves as Senior Science Research Specialist at the DOST-Philippine Nuclear Research Institute. ▪

PO publishes TNL 16(1) June 2022 Issue

By Nicole

This June 2022, the Publication Office released the latest issue of The Normal Lights Volume 16, Issue Number 1 wherein 10 articles are included and themed as, "Should I be a Teacher? Learning to Teach, Teaching to Learn."

The current issue [June 2022] of The Normal Lights, Journal on Education and Teacher Education presents four of its 10 articles within the context of teacher

preparation. Two articles provided techniques to prepare teachers to carry out their responsibilities inside the classroom. Two articles discussed teacher episodes in inservice education. Two articles focused on describing the landscape of teaching and learning.

The final set of articles found their way to exploring the domains of education [pedagogy and classroom management through parental

involvement].

The 10 articles in this issue trace the journey of a teacher that features a lifelong learning cruise to engrave quality in educating the citizens of the country. Efforts and programs to sustain quality in each presented phase may strengthen teacher preparation and training to achieve the goals of SDG 4 for the country.

PNU SINAG Successful Entries

By Sienna

Launched amid the COVID-19 pandemic, PNU SINAG (Showcasing Interesting and Notable Academic Genres), continuously realizes its aim, communicating and popularizing research of faculty and students of the University and other HEIs through their publication at The Normal Lights journal. Currently, two entries, which have been

thoroughly evaluated by select Associate Editors, were successfully uploaded at the official facebook page of the Publication Office. The first entry entitled, "Awareness of Filipino Graduate Students towards Philippine English," was published at The Normal Lights 14(2) issue authored by Hjalmar Punla Hernandez while the second entry

entitled, "Glosaryo Batay sa Ponema at Morpemang Anyo ng Salitang Tadbaliiks na nasa Facebook," was published at The Normal Lights 15(1) issue authored by Niña Christina L. Zamora, Adonis P. David, and Ma. Luz F. Maringal.
